ENVIRONMENTAL HEALTH SERVICES

NOTICE TO WELL APPLICANTS:

PRIOR TO PERMIT ISSUANCE, THIS DEPARTMENT WILL REQUIRE A LOT LAYOUT DRAWING IN THE SPACE PROVIDED ON THE APPLICATION INCLUDING THE FOLLOWING:

HOUSE LOCATION, DRIVEWAY, PROPOSED AND/OR EXISTING SEPTIC AND WELLS AND ANY OTHER POSSIBLE SOURCE OF CONTAMINATION.

NOTE: IF YOU HAVE AN EXISTING HOME WITH AN EXISTING WELL, THIS IS CONSIDERED A REPLACEMENT WELL. THEREFORE, CHECK REPLACE EXISTING WELL.

Rule 161(3) of Part 127 of Act 368 states:

(3) The water supply owner shall be responsible for collecting the water sample. The well drilling contractor or pump installer shall notify the water supply owner of the owner's responsibility for collecting the water sample.

Rule 162. (1) An abandoned well or dry hole shall be plugged by a well drilling contractor who is registered pursuant to the provisions of the act or by well owner. An abandoned well that is located on property, which has a well that serves the public or a residence other than the well owner's residence, shall be plugged by a registered well drilling contractor.

WELL PERMIT DRAWING
